

**Science and Innovation in the Federal Budget 2021**

**Write an editorial for CSPC's special editorial feature**

In April, the federal government plans to release its budget for 2021. As is our annual tradition, CSPC invites you to share your opinions of the budget in regard to science, technology, and innovation.

Editorials will be published on the CSPC website and shared on CSPC social media channels, as well as in upcoming newsletters, ensuring wide exposure to stakeholders in science, technology, and innovation across Canada.

**The publications will be posted on a rolling basis as we receive them.**

Editorials must be 600–800 words and sent to [editorial@sciencepolicy.ca](mailto:editorial@sciencepolicy.ca). You may include up to 3 figures to complement your piece. Please include your title, affiliation, and a recent headshot photo with your submission. As our plan is to publish the editorials on a rolling basis, we encourage you to submit your piece at your earliest convenience. You may also submit a piece in advance of the budget's release.

To see editorials we have previously published, visit <https://sciencepolicy.ca/editorials/>.

If you have any questions about writing an editorial for CSPC, please do not hesitate to contact the Editorial Committee at [editorial@sciencepolicy.ca](mailto:editorial@sciencepolicy.ca).
